VENICE

Exclusive Day Trip

VENICE IS ALWAYS A GOOD IDEA

When visiting the Istrian Peninsula of Croatia, why not embark on a day trip to Venice? Just three hours by ferry from Pula lies one of the most extraordinary cities ever built. A day trip to Venice is a full day to spend however you wish, the city is entirely yours to discover.

Your chauffeur will pick you up from the hotel at 05:45 and transfer you to Pula port, where the ferry departs at 07:00. Upon arrival, Venice opens up before you — wander at your own pace through its labyrinthine streets, cross its bridges, and lose yourself in its beauty. No itinerary, no rush.

Among the city's most iconic landmarks is St. Mark's Square — a theatrical open-air living room framed by the golden façade of St. Mark's Basilica, the soaring Campanile bell tower, and the magnificent Doge's Palace. But Venice rewards those who stray from the obvious just as generously as those who don't.

The return ferry departs from Venice's San Basilio port at 18:00, arriving back in Pula by 21:00, where your chauffeur will be waiting to take you back to the hotel.

A valid travel document, passport or EU identity card is required for the crossing.

PLEASE NOTE:

In 2025, visitors entering the historic center of Venice on selected dates between April and July are required to pay an entry fee between 08:30 and 16:00, as part of the city's efforts to manage tourist numbers and preserve its unique heritage.

Private Luxury Yacht Day Trip

VENICE BELONGS ENTIRELY TO YOU

For those who believe the journey should be as memorable as the destination, the Black Pearl offers a different way to arrive in Venice. This luxurious private yacht departs from the picturesque harbour of Rovinj at 10:00 — after a hotel pick-up at 09:00 — and glides across the Adriatic to reach Venice in approximately three hours.

On board, a knowledgeable skipper and attentive hostess set the tone for the day — sharing stories of the region’s history and the unique character of Venetian culture as the Croatian coastline fades behind you. Gourmet finger food, a carefully selected range of fine Croatian wines, and refreshing cocktails are served throughout the crossing, while sun decks invite those who simply want to stretch out and feel the Mediterranean sun. Snorkeling gear is available for the more adventurous.

Day trip to Venice begins with the transfer from hotel to Rovinj port, pick-up time 09:00h (AM). Departure from the picturesque coastal town of Rovinj aboard luxurious yacht, the Black Pearl, at 10:00h (AM). The Black Pearl will reach Venice in **approximately 3 hours**. Free time for exploring and activities in Venice (the day is yours to customize). Departure from Venice at 16:00h (PM). Return to Rovinj by 19:00h.

Vehicle and chauffeur will wait for you in Rovinj to transfer you back to hotel.

PLEASE NOTE:

Venice charges a day visitor entry fee of €5–€10 for those entering the historic center without an overnight stay, as part of the city’s broader strategy to preserve its urban fabric and quality of life for its residents.

Discover Istrian Inland

THE ART OF STROLL

Grožnjan still has an abandoned feel to it. After World War II, many of this hill town’s longtime residents fled for Italy, leaving few inhabitants. By the late 1960s, artists and bohemian types had settled in. Today the charmingly ramshackle village, with its chunky cobblestone lanes, is crammed with galleries.” — David Farley, New York Times. Your chauffeur and tour guide will then take you to the medieval hilltop town of Motovun, before heading to the Karlić family estate — approximately 20 minutes away — for an authentic black truffle hunt in the surrounding forest.

Istria is one of the richest grounds for premium truffles in the world — long overshadowed in fame, but never in quality, by the truffle mecca of Alba in Piedmont, Italy.

TRUFFLE HUNT + STANDARD 3-COURSE TASTING

Your introduction begins with a welcome drink — a truffle liqueur to set the tone — before heading into the forest with a licensed hunter and specially trained dogs. Back at the estate, the tasting unfolds at its own pace: two types of cheese, salami, and canapés with black and white truffle spreads, truffle honey, truffle olive oil, and truffle spices; scrambled eggs with fresh truffles, prepared in front of you or with you, depending on your mood; and finally, warm fritule — traditional Istrian doughnuts — served with the world’s first chocolate and truffle spread, homemade vanilla ice cream, truffle honey, and almonds. Unlimited homemade red and white wine, sparkling and still water throughout.

TRUFFLE HUNT + 4-COURSE TASTING

Everything from the 3-course menu, with one addition that makes all the difference: traditional Istrian pasta with fresh truffles, prepared in front of the guests — a dish that is at once simple and extraordinary.

The track experience itself lasts 60 minutes, during which your chauffeur and vehicle remain on standby nearby. Once the session is over, you’ll be driven back to the hotel, arriving by 21:00. Vip Guided Tour

A FIRST-CLASS JOURNEY IN A LEGENDARY CADILLAC

From its first Neolithic settlements and Roman governance to its role as Josip Broz Tito’s presidential residence - visited by statesmen from one third of the world’s countries - National Park Brijuni is Croatia’s most significant natural and cultural heritage site.

OPTION A: CADILLAC ELDORADO 1953 TOUR

Step into history and take a ride in Tito’s iconic 1953 Cadillac Eldorado — a gift from Croatian immigrants in Canada to the former Yugoslav president. Tito used this magnificent dark green automobile to cruise the National Park for over two decades, covering 18,000 miles before his death in 1979. Over the years, its passenger list read like a who’s who of 20th-century world leaders: Egypt’s Gamal Abdel Nasser, India’s Jawaharlal Nehru and Indira Gandhi, Cambodia’s Prince Sihanouk, Ethiopia’s Emperor Haile Selassie, and Belgium’s Queen Elisabetha.

The car itself is a collector’s dream — perfectly preserved, 560 cm long, with a 5,000 cc W-type engine producing 260 horsepower. In an era when fuel economy was nobody’s concern, it averaged a gloriously extravagant 25 liters per 100 kilometers.

OPTION B: ELECTRIC CAR OR BICYCLE TOUR

Your VIP guide will lead you through this extraordinary living museum by bicycle or electric car, uncovering the island’s rich historic, cultural, natural, and geological heritage at your own pace.

2,000 Years of History

ROMAN HERITAGE, COASTAL BEAUTY

Upon arrival in Pula, meet your local guide and embark on a journey through 2,000 years of history. Your first stop is the magnificent Amphitheater — one of the largest and best-preserved Roman arenas in the world. Built just outside the walls of the ancient city of Pietas Iulia, along the Via Flavia road that once connected travelers to Aquileia and Rome itself, its construction began in the first century BC and was completed in the first century AD. The word “arena” means sand in Latin — a nod to the sandy floor on which gladiators once fought.

From there, your guide will walk you through the remarkable evolution of the city: from its Roman foundations, through references in Dante’s Divine Comedy, Venetian governance, and Napoleon’s brief conquest, all the way to the period of Austrian development. By 1814, Pula — then known as “Hafen Kastell” — had come under the Habsburg Monarchy and was substantially transformed by 1840. Between 1813 and 1918, the Maritime Fortress of Pula took shape, comprising 56 fortification batteries, bunkers, and structures, connected by an extraordinary 42 kilometers of tunnels. Thirty-one of these fortifications lie within the city itself, and one tunnel network is open to the public: the Zero Strasse — an underground world stretching beneath almost the entire city, originally built during World War I as a shelter from air raids.

Off Road Safari

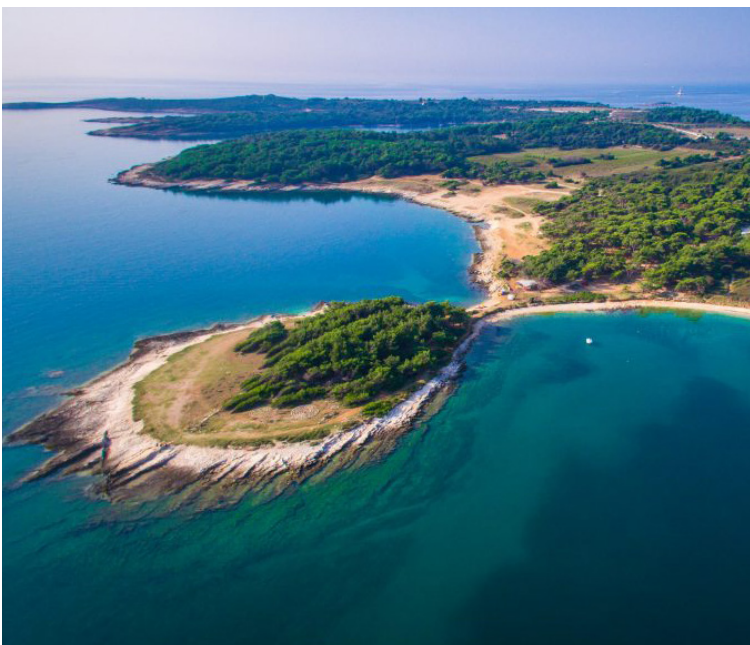

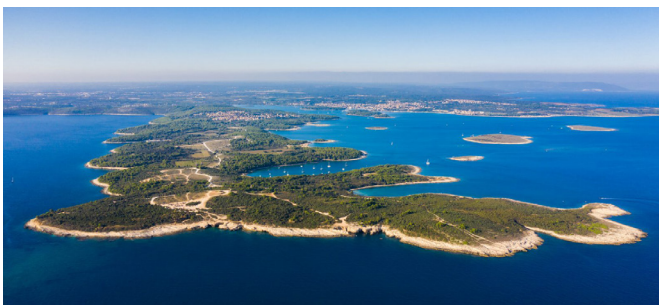

RIDE THE WILD

Explore the secret treasures of Istria and its unspoiled nature with breathtaking sea views, while riding modern GPS-equipped quads through dense forest trails, pristine coastline, and 30 beautiful natural bays. The route leads to the historic Marlera Lighthouse (built in 1882), offering panoramic views of the Kvarner archipelago and Velebit mountain.

SELF-GUIDED GPS QUAD TOUR — 100 MINUTES

Your adventure begins the moment you set off independently along a safe, well-tested route on one of our modern GPS-equipped quads. Weave through dense forest trails and tackle thrilling off-road terrain before the trees give way to a breathtaking stretch of coastline — crystal-clear water, and the islands of Cres and Lošinj floating on the horizon. Stop whenever the view demands it.

From here, the route follows the coast past 30 pristine natural bays, each one shimmering in a different shade of turquoise. Your next landmark is the Marlera Lighthouse — a solitary sentinel built in 1882, just 25 meters from the sea. Standing here, at the very southern tip of the Istrian Peninsula, with the entire Kvarner archipelago spread before you and the Velebit mountains rising in the distance, the sense of remoteness is complete. The final stretch takes you uphill over a small ridge with sweeping views of the Medulin archipelago, before the trail winds back to the ranch.

Natural Beauty

A JOURNEY INTO NATURE’S MASTERPIECE

Plitvice Lakes National Park is Croatia’s oldest and largest national park — and one of the most breathtaking natural landscapes in all of Europe. Nestled in the mountainous heart of Croatia, between the Mala Kapela range to the northwest and the Lička Plješivica mountains to the southeast, it has drawn nature lovers for generations. It was proclaimed Croatia’s first national park on 8 April 1949, and on 26 October 1979 it was inscribed onto the UNESCO World Heritage List recognized for the remarkable natural process of tufa formation, through which travertine barriers gradually built up over millennia to create the park’s iconic cascading lakes.

Perfect for nature lovers, photographers, and those seeking a peaceful escape, this organised trip combines convenience, expert guidance, and extraordinary scenery creating a seamless and unforgettable experience.

Discover Medieval Istria

HISTORY AND HERITAGE

Discover **medieval** Svetvinčenat, (15 min of drive with your private chauffeur from Vodnjan) Svetvinčenat, Savičenta and San Vincenti. They all have origins in the name of the patron saint, the Hispanic martyr St. Vincent, after whom one of the five churches in the town is called. The charming little renaissance town offers a number of facilities in an attractive historic space, which has often been used as a backdrop for films. It is adorned by the Placa, a square of particularly harmonious proportions, along which northern side stretches the stone Morosini-Grimani Castle, the best preserved castle on the Istrian peninsula and the largest building in Svetvinčenat, which has been the symbol of this place for centuries

AVAILABLE OPTIONS

- **Exploring Svetvinčenat 1**
4 hour sightseeing tour
- **Exploring Svetvinčenat 2**
Morosini-Grimani Castle sightseeing
- **Exploring Svetvinčenat 3**
Morosini-Grimani Castle + tasting of local products

A Town That Inspired Jules Verne

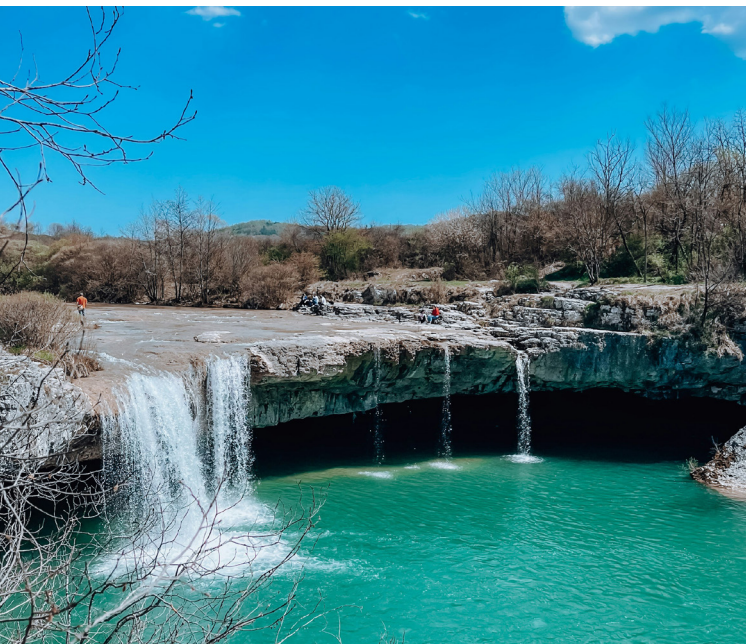

A TOWN ABOVE THE ABYSS

A 20-minute drive from Svetvinčenat brings you to Pazin — a town with a secret. Its Kaštel, the oldest and best-preserved castle in Istria, rises dramatically above a 100-meter cliff, commanding the landscape with quiet authority. Inside, the Pazin Town Museum traces the layered history of both the town and the wider Istrian region.

But it is Jules Verne who truly put Pazin on the map. In his 1885 adventure novel Mathias Sandorf, the hero and his two companions are captured while plotting Hungary’s secession from the Austro-Hungarian Empire and imprisoned in this very castle, awaiting execution. What follows is one of literature’s great escapes — the three men plunge from the castle prison into the mysterious Cave of Pazin that yawns beneath it, vanishing into the dark waters below. Today, you can walk in their footsteps and afterwards, celebrate the escape the old-fashioned way, with a traditional peasant meal prepared in the company of the irrepressible cook Marie.

In essence, Pazin represents the inland soul of Istria, less polished, perhaps, but deeply rooted in history, literature, and the rugged beauty of its terrain.

Buggy Safari Adventure

EXPLORE HIDDEN TRAILS

Hidden in the eastern folds of the Istrian inland, Draguzeti is the starting point for one of the region’s most exhilarating adventures. Climb into a CAN-AM Maverick 800 — a 75 HP beast widely regarded as one of the finest off-road vehicles in the world — and choose your own level of adventure.

Buggy Safari: Medieval Town (1 hour) is the perfect introduction for first-timers. Get a feel for the vehicle, discover its surprising comfort, and ease yourself into the world of off-road driving at your own pace.

Buggy Safari: Panorama Tour (2 hours) takes you deeper into the unknown — along forest tracks that wind their way to the eastern Istrian coast, opening up to sweeping views over the magnificent Arsia bay.

Buggy Family Tour: Seaside Tour (3 hours) is the undisputed bestseller, and it’s easy to see why. This is the full experience — viewpoints over Raša bay, the dramatic estuary where the Raša river meets the sea, and one of the most spectacular panoramas in all of Istria: the entire northern Adriatic stretching out before you, with the islands of Kvarner on the horizon. Breaks for coffee, sunbathing, and a swim are all part of the experience.

Istra’s Most Romantic Town

LOSE YOURSELF IN ROVINJ

Meet your local VIP guide and prepare to fall in love. Rovinj is one of the most picturesque coastal towns on the Adriatic, often described as the jewel of Istria. Built on a small peninsula, its old town rises directly from the sea, a dense cluster of pastel-colored houses, narrow cobble streets, and hidden squares that reflect its long Venetian heritage.

Dominating the skyline is the iconic Church of St. Euphemia, whose bell tower offers sweeping views over the red rooftops and surrounding islands. The church is dedicated to St. Euphemia, the town’s patron saint, and remains a focal point of local identity and tradition.

Rovinj’s history is deeply tied to the Republic of Venice, which governed the town for centuries. This influence is visible in its architecture, language, and cultural rhythm, giving Rovinj a distinctly Italian character that sets it apart from inland Istria.

Today, Rovinj is known for its vibrant yet refined atmosphere. Art galleries, boutique shops, and waterfront cafés line the old town, while the nearby Golden Cape Forest Park (Zlatni Rt) offers a natural escape with shaded trails, rocky beaches, and clear waters.

Paragliding Over Istria’s Heartland

MOTOVUN FROM ABOVE

If you’ve ever wanted to see Istria the way the eagles do, this is your moment. Paragliding in tandem with a certified instructor from PJK Paragliding Istra is one of the most memorable ways to experience the region — and Motovun, perched above its thousand-year-old fortified walls with valleys rolling out in every direction, is one of the most beautiful places in Croatia to take flight.

The take-off point sits just below the main square, which means your family and friends can watch you launch — cocktail or truffle dish in hand, from one of the restaurants above — and then spot you gliding overhead a few minutes later. Flying is possible year-round thanks to Istria’s mild Mediterranean climate, though the best conditions run from May through November. Flights from other stunning locations across Istria are also available, weather permitting.

- AVAILABLE OPTIONS**
- Tandem Flight — 15 to 20 minutes
 - Adventure Tandem Flight — 40 minutes to 1 hour

Istrian Wine Tasting

RELAXING YOUR SENSES ON ISTRIAN TOP HILLS

Nestled among the hilltops of the Istrian interior, one of the peninsula’s oldest family wineries and distilleries invites you to slow down and discover the soul of Istrian winemaking — through three distinct experiences, each one a little deeper than the last.

- **Traditional Istrian Tasting (4h)** is the perfect introduction — a gentle immersion into the values and traditions that have guided this family for generations. After a short tour of the winery’s outdoor and indoor spaces, settle in for a tasting of five of the most representative DOC wines, accompanied by a traditional Istrian cold plate of homemade products.
- **Innovative Istrian Tasting (4h)** turns the focus to the future. The fifth generation of the family has been quietly pushing boundaries, and this tasting is where you’ll taste the results — three of the winery’s most sought-after DOC wines, a traditional cold plate, and two original signature cocktails that blend heritage with a contemporary twist. The tour extends into the wine cellar and distillery.
- **Immersive Istrian Tasting (6h)** is the full story, told by the winemaker himself. The fifth-generation vintner personally guides you through every corner of the estate — the cellars, the distillery, the production process behind their award-winning wines — before sitting down to a tasting of ten exceptional DOC wines and a pour of Šovran XO, a special brandy distilled from indigenous Istrian grape varieties and aged in the tradition of the finest French cognacs. A traditional cold plate completes the experience.
